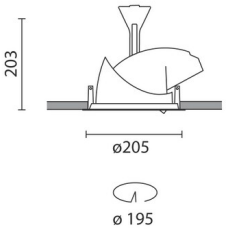
Pixel Plus - Adjustable luminaire 150 W E27 QT 32

Product code:
4277

Technical description:
Die-cast aluminium and thermoplastic recessed luminaire. Comprising a die-cast aluminium support rim fixed to the rotating internal casing onto which the optical assembly is hinged. The latter features a dual positioning mechanism: internal to 40° and external to 65°, with a continuous friction device and rotating to 355°. The reflector, fitted inside the optical assembly, is made of super-pure aluminium. A sheet steel rod at the top is fastened to the support rim and houses the power supply terminal board. The luminaire is recessed into false ceilings by means of appropriate steel torsion springs acting on the hinged clips. The springs are suitable for false ceilings measuring at least 0.1 mm in thickness.



Installation:
Fastened to false ceilings by means of steel springs, (hole diameter 195 mm).

Dimension:
D 205mm H 203mm

Colour:
White (01)|Grey (15)

Mounting:
Ceiling recessed

Complies with EN605981 and pertinent regulations
