A range of recessed fixed downlights using 12V dichroic halogen, HIPAR51 metal halide lamps and LEDs. The fixtures are fitted with a frame and steel springs for installation in nearly all ceiling types. Body is made from steel and lampholding ring from aluminium. Lamps can be maintained without the need for tools. Remote control gear.

Light emission

Direct

TECHNICAL DATA SHEET

Features

Product name:	Java II Downlight - QR-CBC51
Article Code:	M139420
Colour:	White
Material:	Steel
Series:	Architectural

OPTICS

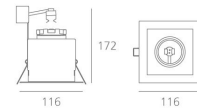

Emission:	Direct
-----------	--------

DIMENSIONS

Length:	(cm) 11.6
Width:	(cm) 11.6
Height:	(cm) 17.2
Cutout length:	(cm) 10.6
Cutout Width:	(cm) 10.6
Recessed depth:	(cm) 21
Cutout shape:	Squared
Weight:	0.4
Glow Wire Test:	960 °

LAMPS NOT INCLUDED

Category:	HALO
Number:	1
Lbs:	QR-CBC51
Watt:	50
Socket:	GU5.3
Type:	HRGS/UB
Colour Rendering:	100
Colour temperature (K):	3000

Dimensions**LAMP****ELECTRICAL**

Transformer availability:	Remote
Voltage:	12V

ACCESSORIES

Electronic transformer
230-240V/12V. Class II.
Dimmable by trailing or
leading edge external
dimmers. 10-60W.
123x32x23mm. M070211
