

Ipno Glass

IP20    Dimmerable: 

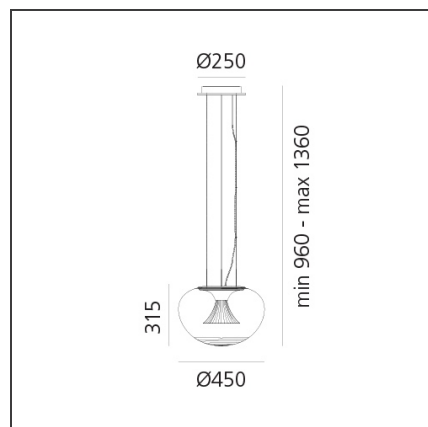

DESIGN BY

Michele De Lucchi

DESCRIPTION

Ipno is a suspension appliance with a magical effect – its all-clear body shapes light with high-level emission control, obtained through soft and curvy geometries. Inside a craft blown crystal glass, an innovative optical unit directs and concentrates light on a glazed part of the bottom surface of the outer body to diffuse and open it up with soft direct emission. The glazed surface conceals the inside of the optical device from direct sight to prevent glaring. The inner optical unit works according to a Total Internal Reflection (TIR) principle to direct emission; it comes to life when light passes through the material, but only a minimum rate of light is emitted into the environment in a diffused and uncontrolled manner. Ipno combines tradition and innovation, manufacturing savoir faire and optical competence into a harmonious shape.

TECHNICAL DRAWINGS

FEATURES

Article Code:	1845010A	Material:	Aluminium, blown glass, PMMA
Colour:	Transparent	Series:	Design
Installation:	Suspension	Emission:	Diffused
Environment:	Indoor		

DIMENSIONS

Height:	cm 31.5	Glow Wire Test:	750
Base Diameter:	cm 25		
Max Height from ceiling:	cm 136		

INCLUDED SOURCES

Category:	LED	Color temperature (K):	3000K
Number:	1	Color Tolerance:	MacAdam 2SDCM
Watt:	30W	CRI:	90
Delivered lumens output (lm):	3431	Efficacy:	112lm/W
Type:	0	Service Life:	50000-L70
Class:	A		

LUMINAIRE

Watt:	35W	Delivered lumens output (lm):	1658lm
Voltage:	220-240V	CCT:	3000K
		Efficiency:	48%
		Efficacy:	47.36lm/W
		CRI:	90
		Dimmable Typology:	Push
