The square, 240V version of our popular NEW TRIA LED recessed fitting series is available with white, black or brushed aluminium housings. The swivelling range of this recessed spotlight ensures that you can individually focus the light beam. The LEDs can be adjusted to the required light colour using the innovative Dim to Warm technology. Specifically designed for a hole diameter of 68 mm, the NEW TRIA 68 recessed fitting is supplied ready for direct connection to the 230V alternating current. The scope of delivery of the product includes clip and leaf springs for convenient adaptation to the respective fitting situation.
