Remark 1	Energy labels in your language are available in the Service Area sub point Download
Suitable for lamps from EEC	E
Suitable for lamps up to EEC	A++
Light distribution type 1	direct
Light distribution type 3	rotationally symmetric

Adjustable high-voltage downlight of our HORN series. The fitting is made from steel and the lamp itself is placed to the luminaire's rear. This design creates a special look. The electrical connection is made directly via 230V mains supply. Single-spot as well as low-voltage versions are also available. This luminaire is compatible with bulbs of the energy classes: E - A++
