The high-voltage ceiling luminaire TROMP CL-1 is equipped with a spacious, frameless light area made from acrylic glass that contains a decorative and chrome-plated mirror surface in its center. The brushed aluminum case differs from the remaining parts of the luminaire providing TROMP's individual charm. Designed for the use of energy saving bulbs with E27 socket, TROMP CL-1 is ready for direct connection to 230V mains supply. This luminaire is compatible with bulbs of the energy classes: A - A+
