LED picture luminaire where canopy and lamp head are connected via an arm that includes two joint pieces. The incorporated LED stands for gentle illumination of your exhibits by UV-free LED light without significant heat dissipation. By means of the two assembled joints the lamp is aligned perfectly. The fitting is available in several housing and light colours. Thanks to the assembled LED power supply, the electrical connection of the luminaire is made directly via 230V mains supply. This luminaire contains built-in LED lamps. EEK: A - A++. The lamps cannot be changed in the luminaire.
