Suitable for lamps from EEC	D
Suitable for lamps up to EEC	A+
Light distribution type 1	direct
Light distribution type 3	asymmetric

Aluminum wall luminaire of our DOWNUNDER series. The not visibly mounted high-voltage halogen lamp with R7s socket emits the light indirectly onto the surface to be illuminated. This guarantees glare-free illumination of sidewalks and much more. The DOWNUNDER 3 recessed luminaire is available in natural aluminium colour version and ready for direct connection to 230V mains supply. A mounting frame for installation in masonry can be ordered from the accessory. This luminaire is compatible with bulbs of the energy classes: D - A+
