Adjustable spotlight EURO CUBE DLMI with suitable adapter for the 3 circuit high-voltage track system. Designed as a visually attractive but discreet high-performance LED spot for shops and exhibitions, the various housing and light colour versions of the spot feature an incorporated DLMI module from Philips with about 1100 or about 2000lm depending on the respective version. The durability of the module is ensured by integrating a proper heatsink into the existing design. This luminaire contains built-in LED lamps. EEK: A - A++. The lamps cannot be changed in the luminaire.
