The AIXLIGHT OFFICE pendant luminaire in silvergrey colour is a high-voltage fitting for two ES111 halogen lamps with an additional, satined surface for use with energy-saving T8 fluorescent tubes. The lamp holders are gimbal-mounted, what guarantees the individual orientation of light. AIXLIGHT OFFICE is ready for direct connection to 230V mains supply via the incorporated ballast. This luminaire is compatible with bulbs of the energy classes: E - A++ / A - A
