In timelessly modern design we offer our AIXLIGHT PENDANT SYSTEM providing functional elegance combined with efficient technology. The basic frames are available in either 110cm or 160cm in length and used for the free placement of the light modules of choice. These are available as QRB111, G5 or metal halide version and form for the perfect solution for almost every application. The lampholders can be adjusted apart from each other and thus provide best illumination attributes. If necessary, a suitable ballast is already incorporated with the modules. The AIXLIGHT PENDANT SYSTEM is ready for direct connection to 230V mains supply. This luminaire is compatible with bulbs of the energy classes: A - A+
