

T5 DUOSPOT wall lamp

alu-brushed, 21W Energy Saver, incl. 2x 1W LED spots

Article number	155162
Type of lamp	LED lamp / Conventional lamp
Lamp	T5 fluorescent bulb 21W & 2x1W PowerLED (incl.)
Lampholder / Socket	G5
Number of light sources	2
Lamp included	No
Tilt range	100 Degree
Rotation range	350 Degree
Width	96 cm
Height	12 cm
Depth	16.2 cm
Net weight	2.751 kg
Gross weight	0.06 kg
Voltage	230 Volt
Max. wattage	23 Watt
Protection class	I
Beam angle	60 Degree
Material	aluminium
Colour	aluminium brushed
Way of mounting	surface wall mounting
Remark 1	Including a built-in LED driver and electronic ballast
Remark 2	The swivel range refers to the LED spots
Remark 3	The light sources can be switched separately via the built-in switch
Remark 4	Energy labels in your language are available in the Service Area sub point Download
Average lifespan	30000 Hours
Colour temperature	3000 Kelvin
Colour rendering index	>80
Luminous flux	140 lm
Energy class ballast	A2

Suitable for lamps from EEC	A
Suitable for lamps up to EEC	A+
Suitable for lamps from EEC	A
Suitable for lamps up to EEC	A
Light distribution type 1	direct
Light distribution type 3	rotationally symmetric
Light distribution type 4	axisymmetric

The main light source of the T5 DUOSPOT wall profile consists of a T5 fluorescent tube with 21W that guarantees a clear light with a high colour rendering index. In addition, two power LED spots with 1W each are integrated and available in pure white light colour. In the middle of the profile, two switches are installed allowing the individual control of both sources. Thanks to the generously chosen beam angles you achieve more than just accent lighting. By the incorporated LED converter and the integrated electronic ballast, the T5 DUOSPOT is ready for direct connection to 230V mains supply. This luminaire contains built-in LED lamps and has sockets for bulbs of the energy classes: EEK: A - A+. The LED lamps cannot be changed in the luminaire.
