The design floor lamp SOPRANA TRIPOD appears with reference to classic tripods. By three chrome legs and the modern fabric lampshade, the luminaire succeeds in combining both classic and modern design. Equipped with an E27 lampholder and an incorporated switch, the SOPRANA TRIPOD is suitable for LED and energy-saving light sources. The electrical connection is made directly to 230V mains supply via 2-pin plug. This luminaire is compatible with bulbs of the energy classes: E - A+
