Remark 1	Canopy (Ø / H): 11 / 2,5 cm
Remark 2	Energy labels in your language are available in the Service Area sub point Download
Suitable for lamps from EEC	E
Suitable for lamps up to EEC	A+
Light distribution type 1	direct
Light distribution type 3	rotationally symmetric

The highlight of our SOPRANA CONE series, model PD-2, combines the three conically fabric lamp shades in white, grey and black in one single pendant luminaire. The 35cm long shades are arranged in an offset manner with a height different of 5cm each and are connected to black and white textile cables. Thereby, the PD-2 creates a particularly interesting appearance. By means of the three E14 lampholders it is suitable for LED and energy-saving light sources. The SOPRANA CONE PD-2 pendant luminaire is supplied ready for direct connection to 230V mains supply, including 150 cm of pendant suspension. As an alternative or project extension we also offer a single spot luminaire of each colour version. This luminaire is compatible with bulbs of the energy classes: E - A+
