Light distribution type 2	indirect
Light distribution type 3	axisymmetric

The high-voltage wall and ceiling luminaire ONIO HIT-TC TWIST is made from silvergrey painted aluminum. The puristic design of the luminaire grants installation flexibility, while the chosen metal halide lamp sets a nice, indirect accent illumination. The center part of the fitting is hosting the lamp and is adjustable providing the possibility of the individual arrangement of light. Thanks to the already incorporated electronic ballast, ONIO HIT-TC TWIST is supplied ready for direct connection to 230V mains supply. This luminaire is compatible with bulbs of the energy classes: A - A+
