Remark 3	Energy labels in your language are available in the Service Area sub point Download
Suitable for lamps from EEC	B
Suitable for lamps up to EEC	A++
Light distribution type 1	direct
Light distribution type 3	rotationally symmetric

The walkable high-voltage floor luminaire with a round stainless steel cover and partially satined glass is equipped with a GX53 lamholder making it compatible with energy-saving or LED lamps. Rated IP67 it is suitable for outdoor use. The electrical connection is made directly to 230V mains supply via the incorporated connection lead. For simplified mounting, a suitable installation housing is included. Alternatively to the ground, the luminaire can also be used as recessed wall luminaire. This luminaire is compatible with bulbs of the energy classes: B - A++
