The wall luminaire of the MYRA series is made from painted aluminum and a glass covering the bulb. Thanks to the position of the two installed lampholders, MYRA produces two equal but oppositely arranged light beams (UP/DOWN). Rated IP55, it is suitable for outdoor use. Available in several colour versions, the electrical connection of the luminaire is made directly to 230V mains supply. The MYRA series further includes floor and display luminaires making it universally applicable. This luminaire is compatible with bulbs of the energy classes: E - A++
