Light distribution type 1	direct-indirect

Manufactured from stainless-steel, the wall luminaire NAILS offers a special appearance by combining a frosted and a clear glass. The interleaved glasses are covered by a stainless steel cap. Rated IP44 it is suitable for outdoor use. The electrical connection is made directly to 230V mains supply. The NAILS series further includes floor and table lamps making it universally applicable. This luminaire is compatible with bulbs of the energy classes: D - A+
