The puristic wall luminaire of the ROX series consists of brushed aluminum and a glass covering the bulb. Thanks to the position of the two installed lampholders, the fitting produces two equal but oppositely arranged light beams (UP/DOWN). Rated IP44, it is suitable for outdoor use. The electrical connection is made directly to 230V mains supply. The ROX series further includes ceiling and floor lamps with different types of lampholders making it universally applicable. This luminaire is compatible with bulbs of the energy classes: B - A++
