Walkable, low-voltage recessed ground luminaire with rectangular stainless steel cover and partially satined glass is equipped with a GU5.3 lampholder making it compatible with halogen or LED lamps. Rated IP67, it is suitable for outdoor use. The electrical connection is made directly to 230V mains supply via a separately available low-voltage transformer providing 12V alternating current. For simplified mounting, an installation housing is included. Alternatively to the ground it can also be used as recessed wall luminaire. This luminaire is compatible with bulbs of the energy classes: C - A+
