DIMENSIONS

REVER DINING

MAGNETIC FLAT PLATE

SINGLE CHARGING TRAY WITH MAGNETIC FIX

the Power

- The luminaire is powered by a built-in lithium battery, 3.7V/4000mA.
- The luminaire is charged with a 5V DC/500mA constant voltage power supply.
- It takes about 10 hours for the luminaire to be fully charged.
- The luminaire can work continuously for 8 hours after a fully charging.
- During the charging process, the luminaire can be used normally

the Indicator Lights

- When it is in charge, the red LED indicator is ON.
- When the charge is full, the red LED indicator goes OFF
- When the voltage of the battery is too low (lower then 3.3V) , the yellow LED indicator is ON.
- When the battery voltage is below 3.0V, the luminaire goes into sleep mode.
- When the luminaire is in sleep mode, the lamp is not going to be lighted when touching the touch switch. But there will be a yellow LED Indicator Flashing 5 times

Switch on/off and Dimming

- The touch switch & touch dimmer is the lamp cover's metal top. The user can control the luminaire on/off and dimming by touching it.
- Touch for 3 seconds to turn on the light. (The brightness of the light will be as same as the previous time.)
- After turning on the light, touch for 3 seconds to turn off the light.
- After turning on the light, touch for less than 1 second to shift gears of brightness. The shift sequence according to low - middle - high cycle.
