## Globe ø 400 - Globe ø 400

Attention! Code out of production

### Product code:

1125

### Technical description:

Spheric diffuser for outdoor lighting made of ultra-violet stabilized polycarbonate with injected-blowing technique.

### Dimension:

D 400 mm

### Colour:

White (01)|Clear transparent (24)

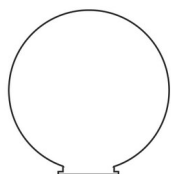

### Weight [Kg]:

0

### Notes:

Transparency allows the passage of 75% of the luminous flow. Thanks to its mechanical characteristics, polycarbonate can resist to any stress for long periods of time and at temperatures up to 140°. Light permeability is not affected by thickness changes (min. 2 mm). Impact strength is 65 KS/m2.

Complies with EN605981 and pertinent regulations

ø 400
