**Public - Gallery 70 W E 27 HST****Attention! Code out of production****Product code:**

2027

**Technical description:**

Attachment made of G Al Si 2 UNI 5076 die cast aluminium treated with epoxy power paint with orange peel finish. The attachment is fixed to the bracket with a male holding element and blocked with three stainless steel screws and anti-loosening device.

A hole located in the bottom part of the holding element is provided with a clamping screw. The diffuser neck has three teeth which ensure a perfect airtight fixing through a silicone gasket, thus allowing for the IP 45 degree of protection of the optical assembly.

**Installation:**

The attachment is fixed to the bracket with a male holding element and blocked with three stainless steel screws and anti-loosening device.

**Dimension:**

D 246 mm H 258 mm

**Colour:**

Black (04)

**Weight [Kg]:**

2,2

**Mounting:**

Poletop bottom entry

**Wiring:**

The electrical group is housed inside the aluminium attachment on a supporting plate which houses: lampholder, ignitor, ballast, terminal board. The attachment can also house a capacitor. In compliance with the EN40, CEI34-31 and CEI 34-33 European standards.

Complies with EN605981 and pertinent regulations
