Parallel - 8x1W LED neutral white - medium optic**Product code:**

4845

Technical description:

Adjustable spotlight with adapter for installation on mains voltage track for 8x1W high-performing LED with monochromatic NEUTRAL WHITE emission (4200K). Optics with plastic lenses and medium beam (25°), protection glass with serigraphy. The spotlight is made of die-cast aluminium and thermoplastic material; it allows for 90° rotation on the horizontal axis with continuous friction device and 340° rotation on the vertical axis with mechanical lock. The fitting is complete with lamp and electronic control gear; a large range of accessories is available. IP40 for optical assembly with optional glass diffusers.

Installation:

On electrified track or ceiling/wall mounted.

Dimension:

142x142 mm - H 233 mm

Colour:

White (01)|Grey (15)

Weight [Kg]:

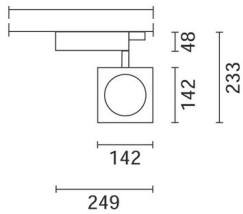

1,05

Mounting:

Three circuit track

Wiring:

The electronic components for LED light sources are inside the fitting.

Complies with EN605981 and pertinent regulations
