Lumen - with electronic control gear 100W HST (SDW-TG) - Flood**Product code:**

6397

Technical description:

Adjustable projector with adaptor for installation on mains voltage tracks made of aluminium and thermoplastic material. Version with 100W SDW-TG discharge lamp has a polycarbonate component compartment located next to the track and connected to the adapter. The fitting can rotate 360° around the vertical axis, with inclinations of 0°/90° with respect to the horizontal plane, with mechanical blocking mechanisms for precision aim on the vertical axis and horizontal plane. An accessory-holder ring can be added to the projector, and it can be installed with the 9448 adaptor without tools. The accessory-holder ring can fit up to three flat accessories at once. The flood optic reflector can be removed without tools thanks to the special bayonet mechanism and it also has a safety glass. IP40 for optical assembly with optional glass diffusers.

Installation:

Electrified track or ceiling/wall installation.

Dimension:

L 140 mm - D 118 mm - H 259 mm

Colour:

White (01)|Grey/Black (74)

Mounting:

Three circuit track

Wiring:

Electronic components for discharge lamps contained inside the special box that is equipped with the fitting.

Complies with EN605981 and pertinent regulations
