Sydecar - with dimmable electronic transformer 100W 12V QT 12 - Spot**Product code:**

6482

Technical description:

Spotlight made of die-cast aluminium and thermoplastic material, with adapter for installation on electrified track. Spotlight double adjustability allows a 360° rotation about the vertical axis and 90° tilting relative to the horizontal plane. The luminaire has mechanical locks for aiming, operated using the same tool on two screws, one at the side of the power supply box shell and one on the track adapter. The spotlight has an accessory holding ring which may contain up to two flat accessories simultaneously. Another external component can also be applied, selected from an asymmetrical screen, directional flaps and an anti-glare screen. The luminaire with 100W 12V QT12 spot optic comes complete with a dimmable electronic transformer. IP 40 on the optical assembly with the use of accessory glass components.

Installation:

on an electrified track or using a suitable power supply unit

Dimension:

L 159mm – D 106mm – H 173 mm

Colour:

White (01)|Grey/Black (74)

Weight [Kg]:

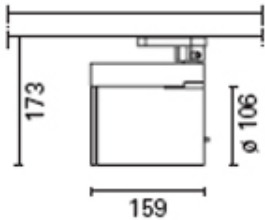

1,3

Mounting:

Dali track

Wiring:

Dimmable electronic components for LV halogen lamp housed in the box with which the luminaire is equipped

Complies with EN605981 and pertinent regulations
