Sydecar - with electronic control gear 8x1W LED neutral white - Spot**Product code:**

6489

Technical description:

Adjustable spotlight with adapter for installation on electrified track for 8x1W high output LED lamp with monochrome emission in a Neutral White (4200K) tone. Spot optic with plastic lenses, narrow beam (10°) and safety glass with serigraphy. Complete with lamp and electronic power supply. Luminaire made of die-cast aluminium and thermoplastic material, allows a 360° rotation about the vertical axis and 90° tilting relative to the horizontal plane. The luminaire has mechanical locks for aiming, operated using the same tool on two screws, one at the side of the power supply box shell and one on the track adapter. Spotlight equipped with accessory holding ring designed to contain a flat accessory. Another external component can also be applied, selected from an asymmetrical screen, directional flaps and an anti-glare screen. All external accessories rotate 360° about the spotlight longitudinal axis.

Installation:

on an electrified track or using a suitable power supply unit

Dimension:

L 159 mm – D 106 mm – H 173 mm

Colour:

White (01)|Grey/Black (74)

Weight [Kg]:

1,4

Mounting:

Three circuit track

Wiring:

Electronic components for LEDs housed in the luminaire

Complies with EN605981 and pertinent regulations
