**Minimal - Two-assembly small model 2x50W 12V QR CBC 51****Product code:**

8819

**Technical description:**

Recessed fitting designed for use with dichroic lamps QR CBC 51 2x50W Gu 5.3. It is made up of an aluminium sheet shell housing the optical assemblies. The lamps are located on die-cast aluminium rings directable through technopolymer universal joints (+/- 45° rotation with respect to the vertical and horizontal axes) - also permitting stability of the angling system. The shell is fixed to the false ceiling (installation hole: 254 x 136 mm) through brackets located on a special adapter made from extruded aluminium.

**Installation:**

The adapter, which makes it possible to mount the lighting body flush with the ceiling, is fixed to the false ceiling by self-tapping screws. After finishing the false ceiling, the shell can be installed.

**Dimension:**

248x130mm H 137mm

**Colour:**

Black (04)

**Weight [Kg]:**

1,2

**Mounting:**

Ceiling recessed

**Wiring:**

Connection to the secondary of the transformer on terminal blocks located on the upper part of the shell.

**Notes:**

For the photometric data of the fitting refer to the photometric data of the light sources used.

254x136

Complies with EN605981 and pertinent regulations
