Flush triple-projector pole top, attachment 102 mm -

Attention! Code out of production

Product code:

B455

Technical description:

Flush pole top for triple projector Lavinia for cylindrical pole (diam. 102 mm). The chill-cast aluminium coupling is fixed to the pole by 3 bolts placed at 120°. Joint in aluminium alloy EN1706AC 46100LF. The upper closing plug is made of thermoplastic material. The optical assembly is fixed to the pole top by two fixing screws. Two safety bolts make its application easier. This connection system makes it possible to adjust the inclination of the optical assembly with respect to the road surface by $\pm 15^\circ$. It is fixed to the pole by three stainless-steel screws M8 and two safety bolts. All screws are made of stainless steel.

Installation:

The pole top is applied only to iGuzzini poles with a diameter of 102 mm.

Dimension:

D = 102 mm H = 172 mm

Colour:

Grey (15)

Weight [Kg]:

0

Wiring:

The special pole-top attachment ensures the safe passage of the supply cables and permits application on existing iGuzzini 102-mm-diameter poles with no need for holes.

Complies with EN605981 and pertinent regulations
