Lumen - with electronic control gear 35W HIT (CDM-TC) - Spot (HIGH EFFICIENCY FIXTURE)**Product code:**

M220

Technical description:

Adjustable projector with adaptor for installation on mains voltage tracks made of aluminium and thermoplastic material. Version with CDM-TC 35W discharge lamp has a polycarbonate component compartment located next to the track and connected to the adapter. The fitting can rotate 360° around the vertical axis, with inclinations of 0°/90° with respect to the horizontal plane, with mechanical blocking mechanisms for precision aim on the vertical axis and horizontal plane. An accessory-holder ring can be added to the projector, and it can be installed with the 9448 adaptor without tools. The accessory-holder ring can fit up to three flat accessories at once. The spot optic reflector can be removed without tools thanks to the special bayonet mechanism and it also has a safety glass. IP40 for optical assembly.

Installation:

Electrified track or ceiling/wall installation.

Dimension:

L 140 mm - D 118 mm - H 259 mm

Colour:

White (01)|Grey/Black (74)

Mounting:

Three circuit track

Wiring:

Electronic components for discharge lamps contained inside the special box that is equipped with the fitting.

Notes:

With high-efficiency reflector

Complies with EN605981 and pertinent regulations
