Frame initial module - General Down Light - L 612

Product code

Q356

Technical description

Initial profile in extruded aluminium - Frame version with contact frame; methacrylate opal screen (diffused general light); screen set up for connecting several lengths by overlapping.

Installation

Recessed using the brackets on the profile. The initial modules can be used individually if completed with accessory caps and the required LED module.

Dimension (mm)

612x110x105

Colour

White (01) | Aluminium (12)

Weight (Kg)

2

Mounting

ceiling recessed

Wiring

Set up to house the LED modules required by the system.

Notes

Take care with the system configuration. To make continuous lines of lighting, use the intermediate modules. To complete a continuous line correctly there must always be an initial module at the start or end of the composition.

Complies with EN60598-1 and pertinent regulations

IP20
