Michael Anastassiades' design philosophy is to preserve the inherent qualities of given materials. All of our products are handmade and come in natural finishes, exposed to the elements without any protective lacquers. We look at oxidisation as part of a process that adds to the patina of an object, increasing beauty with time. We try our best for all goods to leave our premises in prisine condition, but sometimes products may arrive with minor oxidisation marks. Whilst every effort is made to ensure an accurate representation of product colours, finishes and dimensions, Michael Anastasiades Ltd reserves the right to alter these details without notice, in compliance with its own production needs, technological changes or in response to the current market needs.
