

Alphard

Alphard is an indirect light LED lamp. Thanks to the directional front plate, a pleasant diffused lighting is created, since the light can be propagated more or less grazing with respect to the wall. The lamp can be installed using the Contatto fixing and power supply kit.

Alphard C100

Supply voltage	12 VDC
Max. current	2 A
Technology	LED
Temperature	● 3000K
Optic	INDIRECT
CRI	90
Use	INDOOR
Contatto version (page 60)	● 3000K
Power	13,5 W
Lumen	1500
Touch control	Yes

Code	Color	Temperature	Installation
ALP-C	White = B Black = N	3000°K = 3K	Contatto = C
