

Avia 7 Mobile

The Avia 7 is part of the Jewel Collection, a collection of elegant and lyrical suspended kinetic mobiles intended for public spaces. The mobile structure allows creating variable composition of shades. The shades sway as if blown by a breeze and their movement creates a magical environment.

The Avia 7 is suspended with a 4 mm stainless steel cable, pre-cut to 500cm - 197" meters length, with an electrical cord. Ceiling plate ø 28 cm - 11" and structure are made of metal, powder coated in black.
