

Rime Wall Lamp

“With the Rime Wall Lamp, we wanted to create a simple design with a glass shape, giving it a soft expression while making its top and pendant tube as subtle as possible. We were inspired by the shape of acorns for its subtle lines while hinting towards the shaded expression of ice and rime for the glass of the design, allowing for light to shine slightly through with a refined touch. The gentle shape of the light is complemented by its elegantly sturdy aluminum arm for a characterful contrast.”

— TAF Studio

Designed by	TAF Studio
About the designer	TAF Studio is a Stockholm-based design and architecture studio, founded by Gabriella Gustafson and Mattias Ståhlbom. The duo works within product and interior design.
Environment	Indoor
Country of Production	China
Preassembled	Yes.
Description	The Rime Wall Lamp brings an elegant perspective to the glass light through its semi-transparent glass that has been sandblasted for a refined expression. The design features a characteristic form, inspired by the shape of acorns, complemented by the geometric shape of its arm. The Rime Wall Lamp features a dimmability light source, allowing for its user to adjust the light intensity to their individual needs, be it in the home, a restaurant or a hotel room.
Material	Mouth-blown glass shade. Wall bracket in aluminum, pressure die-casted and powder coated. Wall bracket in steel and chrome plated. PVC cord.
Cleaning & Care	Clean with a moist cloth. If necessary use a little dish soap on the cloth. Always switch off electricity supply before cleaning.
Cord length	250 cm / 98.4"
Light source included	Yes
Dimmable function	Yes.
Additional information	TRIAC dimmer.
Installation	The Rime Wall Lamp is made in a unique semi-transparent glass that has been sandblasted. Included in the box with the Rime Wall Lamp is a set of gloves that we recommend worn when mounting the design to care for the unique surface of the material. If the gloves are not worn when mounting the design, fingerprints might be seen on the surface of the design. The power cord of the Rime Wall Lamp can be routed backwards from the lamp through the mounting surface. Please note that the base of the lamp is smaller than a standard junction box and that the lamp is not designed for direct installation on the top of the junction box. When hardwiring, we recommend mounting onto a false wall, onto a headboard or using a trim plate. Please refer to local safety requirements for this type of installation.

Rime Wall Lamp

Dimensions

Length:	23 cm / 9.1"
Height:	16,2 cm / 6.4"
Width:	12 cm / 4.7"
Cord Length:	250 cm / 98.4"

Ready-to-ship

White
Black
Grey
Orange

Lamp rating

Voltage	220 - 240V
Frequency	50/60Hz
IP Rating	IP20
Classification	Class II
Socket	1 x G9Max. 25 W

Light source specification

Item	G9 Frosted LED
Watt	3W
Lumen	190 lm/W
Lumen Maintenance	20.000h
Kelvin	2.700K
CRI	90
Dimmable	Yes

Energy Label

Rime Wall Lamp
