

COPPER ROUND 25CM

Copper shade is an over-sized, blow moulded and perfectly reflective globe that kick started the recent craze for copper in interiors the world over. This year we strip away the copper in favour of two new radical attitudes. In high-reflective Blue, Copper shade takes on the weightless form of a helium-filled balloon, an unidentified space-age object. In fetish black, Copper Shade becomes a patent monochromatic orb, a slick black ball with a metallised aluminium interior.
