## Liquid Drop Single

REFERENCE AP1428/1

### DESCRIPTION

Pure and dazzling, the Liquid collection presents itself intentionally as a dense design. The vast branched pattern surrounds a considerable-sized glass piece just as an embrace of nature, where the movement of the structure tries to reach the fall of a drop of water. Due to the steel cable solution, the Liquid collection is ideal for situations that require some structure and magnificence, achieving a status of lighting sculpture. Ideal for contemporary interiors, framing perfectly in a vertical display.

### CARE INSTRUCTIONS

Due to the nature of our exquisite hand applied finishes, wipe clean with a soft, dry cloth or static duster must be used to clean the fixture.

Always avoid the use of harsh chemicals or abrasive cleaners as they may cause damage to the fixture's finish.

Cleaning is limited to the outer surfaces, shades or glass. It is important to ensure that no moisture enters the terminal compartment or reaches any live parts.

As our products are subject to technical modifications, we cannot guarantee, that all information is always up to date. Please contact our [technical department](#) with any queries.
