Airlite ceiling stable white undimmable_17°_3000K_White

IP20

DESIGN BY

Carlotta de Bevilacqua, Paola di Arianello

DESCRIPTION

Boasting elevated luminous flux, excellent colour rendering, energy efficiency, and a light compact design, Airlite is an innovative range of LED spotlights with exceptional photometric performance and flexibility. Thanks to an innovative heat dissipation system, air is filtered through open gaps in the die-cast aluminium body ensuring the efficiency and long life of our LED module. The hybrid optical system provides defined narrow beams, while keeping the light fixture dimensions compact.
