# Caelum 90 LED - 3000K - 50° - White

IP20

DESIGN BY

Ernesto Gismondi

DESCRIPTION

Caelum is designed to provide a versatile lighting solution for the retail sector. It is a highly flexible, multi-functional system, with a high aesthetic and exceptionally high performance. Caelum is a modular lighting system with an open recessed profile channel, which integrates perfectly with the architectural design. Optional covers to delineate the channel. The spotlight kits are available in 2 sizes: Ø 90 mm and Ø 120 mm (diameter of the optical assembly) and are provided with a swivel arm which allows total concealment of the spotlight or, if open, allows the partial or total extraction of the spotlight from the channel. A double hinge system provides a high degree of regulation of the beam direction. The spotlights are provided with an electronic power supply. The extruded elements are installed along both edges of the ceiling cut, creating a channel that can be finished with an optional top cover.
