

Cosmic Angel Ceiling

IP20

Dimmerable: + -

TECHNICAL DRAWINGS

DESIGN BY

Ross Lovegrove

DESCRIPTION

"My concept way to freeze a moment that seemed to be created by air rolling over a thin sheet , achieving a very natural flow and rhythm in the lightweight sculptural skin. Ultimately it appears to be suspended in anti gravity on a cushion of air....like the cosmos in the complex forms and geometries that seem to defy explanation and create a sense of infinity." Materials: body lamp - reflector made of thermoplastic material; die-cast aluminium lighting units; upper diffuser in opal methacrylate.
