

Meteorite 15 suspension (E14)

IP20    Dimmerable: 

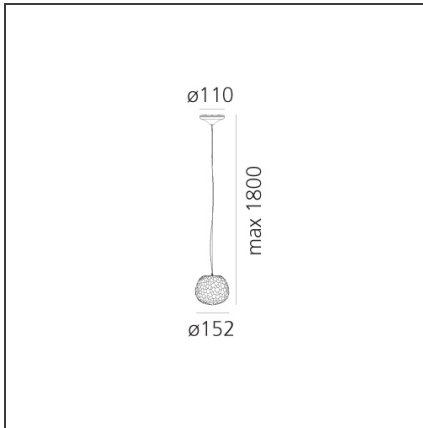

DESIGN BY

Pio & Tito Toso

DESCRIPTION

"Meteorite originates from the pursuit of a new sensibility, a new expressive language for lighting blown-glass. The starting point was our fancy for Venetian "beaten" glass, for the grinding effect, and for the strong charm of the "unfinished" feel that such kind of process brings to glass. We designed a special glass-blowing and grinding process, which allows to obtain impressive lighting depth in the illuminated object, and to make this beauty accessible or - we might say - democratic." Pio e Tito Toso. A family of lamps comprised of four different types, with a double-layer artistic glass diffuser obtained by means of the craft still glass blow moulding technique followed by frosting.

TECHNICAL DRAWINGS

FEATURES

Article Code:	1710110A	Material:	Blown glass, technopolymer
Colour:	white	Series:	Design
Installation:	Suspension		

DIMENSIONS

Height:	cm 13.8	Glow Wire Test:	850
Base Diameter:	cm 11		
Max Height from ceiling:	cm 180		

SOURCES NOT INCLUDED

Category:	LED	CRI:	80
Number:	1		
Watt:	4W		
Type:	2		
Socket:	E14		

LUMINAIRE

Watt:	4W	Delivered lumens output (lm):	134lm
Voltage:	220V - 240V	CCT:	2700K
		Efficiency:	54%
		Efficacy:	33.49lm/W
		CRI:	80

Notes

Light intensity adjustment only with dimmable bulbs
