**DESCRIPTION**

Uglare is 600x600 and 300x1200 recessed ceiling light, suited to illuminate working areas with video-terminals. Its strong steel and aluminium mechanical construction and high performance (over 100lm/W for the 4000K version), as well as the possibility to adjust the luminous flow, make this appliance ideal to illuminate work areas that require minimum incidence in terms of actual and perceived volumes of lighting systems.
