

Type:	Suspension
Light source:	A07F86W + A07/2T 31W A07F86 + A07/2T 31W A07F11W + A07/2T 31W A07F11 + A07/2T 31W
Product use:	Indoor
Materials:	Aluminium structure, glass lens
Colors:	Medium grey, anthracite
Description:	Alongside high technological and luminous performance, Koinè offers a sound-absorbing version and adds another innovative feature. The reflector becomes a cap in 60% recycled felt, an effective aesthetic touch that permits improvement of acoustic comfort in spaces, reducing reverberation and propagation of sound waves. Inside, an aluminium portion contributes to support the felt, while also dissipating heat from the light source.

Insulation class:

Bodies with diffuser Ø 86 cm, max 500mAdc 36Vdc SELV, 2700K, CRI 90

Reference code: **A07F86W** 1A070F86W004 medium grey
