WALKLINE WALL WASHER

WALKLINE is a walkable, linear LED 24V DC system for outdoor signalization or wall washer lighting. The WALKLINE consists of a naturally anodised aluminium profile with an opal resin coating for homogeneous light emission or with
a wall washer optic. Available in various standard lengths. Dimmable 1-10V, DALI or DMX. Recessed box installation included.
WALKLINE and WALKLINE WALL WASHER are extremely resistant against scratches, foot and drive traffic and lend themselves for outdoor settings where signalling or decorative lighting is required.

LAMPING

|	
Source	Linear LED
Total power	8W
Emission	wall washer
Switching	according to driver
Tension	24VDC
Color temperature	3000K
Luminous flux	625lm
Typ CRI	90
IP class	67
Materials	aluminum
Mechanical impact protection code	IK10
Notes	driver not included, cable length 0,5m, certified 500kg static load, 3500kg dynamic load
Customization options	1-10V, DALI, DMX, Casambi, body length
Accessories	Drivers 24VDC + DALI interface,
