The high-quality MEDO ceiling and wall light impresses with its clear design and the elegant contrast of the aluminium and glass materials that have been used. There is also a coronal light outlet on the rear of the luminaire. The luminaire is available in black, white, and grey. The integrated Premium LED provides a pleasant lighting effect, and the built-in dimmable DALI LED driver makes it possible to connect directly to a 230V mains power supply. Using the appropriate accessories, this ceiling light can be converted into a pendant luminaire. The light colour can be switched between 3000 and 4000K with this version.
