The round, high-voltage version of our popular NEW TRIA recessed fitting series is available with white, black or brushed aluminium housings. The rotation range of this recessed spot guarantees you the ability to individually focus its light beam, regardless of whether you choose to use halogen or LED retrofit lamps. Specifically designed for a hole diameter of 68 mm, the NEW TRIA 68 recessed fitting is supplied ready for direct connection to the 230V alternating current. The scope of delivery of the product includes clip and leaf springs for convenient adaptation to the respective fitting situation. This luminaire is compatible with bulbs in energy classes: E - A++
