The VILUA wall light, which is equipped with powerful, warm white LEDs, is available in several versions. The two oppositely arranged light sources create two similar light beams (UP/DOWN). The electrical connection of the luminaire, which is made from aluminium, is made directly to the 230V mains supply. Thanks to its IP54 protection class, the luminaire is suitable for outdoor use. This luminaire contains built-in LED lamps. EEI: A - A++. The lamps in the luminaire cannot be replaced.
