| Light distribution type 3    | rotationally symmetric                                                              |

The round high-voltage version of our NEW TRIA downlight series is available in either matt white, matt black or brushed aluminium colour and features a generously chosen rotation and tilt range, which guarantees an individual orientation of the lamps in use. The mounting is simplified by incorporated metal-plate springs. The NEW TRIA downlight is supplied ready for direct connection to 230V mains supply. This luminaire is compatible with bulbs of the energy classes: E - A++
