| Light distribution type 3    | axisymmetric                                                                        |

With our FLAT FRAME series we offer you a lighting solution for recessed wall and ceiling installation with minimum space requirements. Ready for the use of G4 pin-based lamps, a suitable transformer providing 12V alternating current is required for operation. An installation frame and a wall box are both available on accessory. This luminaire is compatible with bulbs of the energy classes: C - A+
