Light distribution
type 3 rotationally symmetric

The puristic design of the recessed version of KALU is a guarantor for free alignment of the lamp heads which are suitable for either QRB-halogen or appropriate LED bulbs. KALU RECESSED is available with one, two or three spots. The electrical connection is made via a separately available low-voltage transformer providing 12V alternating current. This luminaire is compatible with bulbs of the energy classes: D - A+
